# Frequently Asked Questions about State History Day Results

## **What if a National Qualifier cannot participate in the Virtual National Contest?**

If you are a National Qualifier, ranked 1st or 2nd, and cannot participate in the Virtual National Contest, please let Minnesota History Day know right away. The National Qualifier spot will be offered to the entry ranked 3rd, then 4th and 5th as necessary.

## **I'm a National Qualifier. When will I get more information on the Virtual National Contest?**

National Qualifiers will be contacted via email by Minnesota History Day staff on Monday, May 4 with more information about registering and participating in the National Contest. This information will be sent to the student and parent email address you used in the online registration system.

## **When will I get my comment forms from judges?**

Comment forms will be returned to the lead teacher at the school via email within one week of the State Awards Ceremony. Comments will be saved as PDFs and be stored as Google Drive documents until June 30. Please download and save these materials before this date.

## **Are Honorable Mentions ranked?**

No. All entries who participated in the Final-Round of State but were not ranked 1-5 are awarded Honorable Mention. These entries were not ranked in the Final-Round.

## **How were the entries judged?**

Entries are judged based on the *National History Day Contest Rule Book*, which is [available online](#). The same criteria are used at all levels of competition. In general, the weight of the criteria is as follows:

- 60% Historical Quality
- 20% Relation to Theme
- 20% Clarity of Presentation
- Rules Compliance

## **Who were the judges?**

Judges are volunteers with an interest in history, education, and working with young people. They come from libraries, historical societies, colleges/universities, and other cultural and business organizations in Minnesota. Many of our judges have participated for multiple years and each judge receives training in advance of the event.

## **What if I have a concern about judging?**

"Judges must evaluate certain aspects of your entry that are objective (e.g., were primary sources used; is the written material grammatically correct and accurately spelled, etc.). But judges also must evaluate interpretive aspects of your entry that are qualitative in nature (e.g., analysis and conclusions about the historical data, etc.). Historians often reach different opinions about the significance of the same data. It is therefore crucial for you to base your interpretations and conclusions on solid research. Judges will check to determine whether you used available primary sources and whether you were careful to examine all sides of an issue and present a balanced account of your research and presentation. Your process paper and annotated bibliography are critical to this process."
